Round the number of books at each library to the nearest 100.

- Maple Library: 412 rounds to _____
- Cedar Library: 285 rounds to _____
- Birch Library: 640 rounds to _____
- Willow Library: 573 rounds to _____

How Many Library Books? — ANSWER KEY

Grade 3 | Place value & rounding to 1,000 | worksheetgalaxy.com

Number line — each library marked at its value:

Statements

1. Cedar Library has close to 300 books. (285 rounds to 300)
2. Maple Library has about 400 books. (412 rounds to 400)
3. Birch Library has a little more than 600 books. (640)
4. Willow Library has a little less than 600 books. (573)
5. Together, the Maple Library and the Cedar Library

have about 700 books.

$412 + 285 = 697$, which rounds to 700.

Rounding to the nearest 100

1. Maple Library: 412 rounds to 400
2. Cedar Library: 285 rounds to 300
3. Birch Library: 640 rounds to 600
4. Willow Library: 573 rounds to 600
