THE 2S TIMES TABLE - REFERENCE CHART

2×1 2	2×2 4	2×3 6	2×4 8	2×5 10	2×6 12	2×7 14	2×8 16	2×9 18	2×10 20
--------------------------	--------------------------	--------------------------	--------------------------	---------------------------	---------------------------	---------------------------	---------------------------	---------------------------	----------------------------

GALAXY TIP: THE 2S ARE JUST DOUBLES!

Multiplying by **2** is the same as **doubling**! $2 \times 6 = 6 + 6 = 12$. $2 \times 9 = 9 + 9 = 18$. The 2s are the easiest times table — every answer is just the number added to itself! 🙌
