THE 5S TIMES TABLE - REFERENCE CHART

5×1 5	5×2 10	5×3 15	5×4 20	5×5 25	5×6 30	5×7 35	5×8 40	5×9 45	5×10 50
--------------------------	---------------------------	---------------------------	---------------------------	---------------------------	---------------------------	---------------------------	---------------------------	---------------------------	----------------------------

GALAXY TIP: THE 5S ALWAYS END IN 0 OR 5!

Every answer in the 5s table ends in **0** or **5**! Odd numbers → end in **5**. Even numbers → end in **0**. So $5 \times 3 = 15$, $5 \times 4 = 20$, $5 \times 7 = 35$, $5 \times 10 = 50$. Easy! ●
