The Little Seed — Answer Key

Grade 1 reading · putting events in order

1. Pictures, left to right: 3-sprout = **3**, 1-seed = **1**, 4-flower = **4**, 2-water = **2**
2. Sentences, top to bottom: **3, 4, 1, 2**
3. Write: **he put a seed in the soil** — accept "planted a seed" or "put a seed in the dirt".

> Children who get the pictures right but the sentences wrong are reading the images, not the words — which is normal at this age and worth noticing rather than correcting. Ask them to point to the sentence that matches each picture.
