

Tom's Zoo Trip

Tom was excited for his trip to the zoo. When he arrived, he saw many animals. The first stop was the lion's den. Tom watched the lions lounging in the sun, their big manes glowing.

Next, Tom visited the monkey house. He laughed as the monkeys swung from branches and made funny faces. At the penguin exhibit, Tom enjoyed watching the penguins waddle and slide on the ice.

For lunch, Tom had a sandwich while sitting by the giraffe enclosure. He saw a tall giraffe reach its long neck to eat leaves from a tree. Tom was thrilled with all the animals he saw and couldn't wait to tell his friends about his zoo adventure.
